We appreciate this draft run of show. Certainly we're hoping for a little more time for our guests. Have key prospective forestry invitees from as far as CA, FL, and D.C. Working on invitees list at this moment. Will ask each guest to provide complete contact info with one paragraph of organization /bio info.

Will provide more info along with logistic details including coordinates/address upon preparing.

Mr. Barrs – that is wonderful. We very much look forward to the visit. Forrest and myself are both from Oklahoma so I imagine a visit to your place will remind us a little of home.

We look forward to meeting you and will let you know as soon as our travel is booked.

You all are so kind. Thank you for your hospitality and for hosting this event.

Do you know the organizations the secretary and administrator will deliver remarks to?

Thank you Troy.

Good morning Lauren. Yes, we will be seeding Forrest McMurray on our team to lead the advance for this trip. He will arrive in Atlanta the morning of July 6th with an agent from the Administrator's security team and will then travel down to Macon and Cochran.

If possible, we would very much appreciate the opportunity to visit Gully Branch Tree Farm on Thursday to prepare for the Administrator's visit.

Forrest -- please work with with Lauren, et al to coordinate the advance for this visit.

Warm regards,

One final modification on run of schedule-I promise.

We can start 11 with a hard stop at 1:45. Does this work for the group?

Ambassador Pruitt's folks- are you all having an advance team go down? Wanted to see and if so, perhaps we could coordinate a walk through on Thursday if the Barrs are okay with that.

Thank you.

Troy,  
We appreciate this draft run of show. Certainly we're hoping for a little more time for our guests. Have key prospective forestry invitees from as far as CA, FL, and D.C. Working on invitees list at this moment. Will ask each guest to provide complete contact info with one paragraph of organization /bio info.

Will provide more info along with logistic details including coordinates/address upon preparing.

Best regards,  
Wanda Barrs

Troy,  
We appreciate this draft run of show. Certainly we're hoping for a little more time for our guests. Have key prospective forestry invitees from as far as CA, FL, and D.C. Working on invitees list at this moment. Will ask each guest to provide complete contact info with one paragraph of organization /bio info.

Will provide more info along with logistic details including coordinates/address upon preparing.

Best regards,  
Wanda Barrs

Thanks Troy for your follow-up. Wanda and I greatly enjoyed our visit to your office in DC with NAFO and are excited about the possibility of having Administrator Pruitt and his staff come and visit our Gully Branch Tree Farm, the 2009 National Tree Farm of the Year. How do you propose that we follow-up with each other, via phone or in person? Should you and staff like to do a preliminary onsite visit we are more than happy to accommodate. If Administrator Pruitt thinks it would be appropriate, we could also invite Secretary of Agriculture Sonny Perdue as well since he is a close friend and neighbor and has been to the farm many times. I understand from Sonny that he and the Administrator have also become friends as well as prayer partners. As I am not sure of the protocol for Presidential cabinet members attending an event together, I will leave it to you and your staffs to decide if this is something you would want to consider. Our farm is very secure and private so security should not be a big issue.

Please just let us know how you think we should proceed and we will do our best to accommodate you. My contact info is as follows:

Dear Chairman Barrasso and Ranking Member Carper:

The U.S. Chamber of Commerce supports the nomination of Andrew Wheeler to be Deputy Administrator for the U.S. Environmental Protection Agency ("EPA"). We look forward to the Senate Environment and Public Works Committee advancing his nomination to the full Senate for confirmation.

Mr. Wheeler's substantial public service experience makes him an excellent choice for leadership at the EPA. He began his career at the EPA, where he worked on toxic chemical, pollution prevention and right-to-know issues, and he was awarded the EPA Bronze Medal twice for his accomplishments.

Mr. Wheeler also has shown his ability to work with Congress, having previously served your committee as majority staff director, minority staff director, and chief counsel. In these roles, he worked on every major piece of environmental and energy-related legislation before Congress for over a decade.

The Chamber urges the committee to act swiftly on Mr. Wheeler's nomination.

Sincerely,

Neil Bradley
